

HELP FOR UKRAINE!

What is Disaster Aid Europe planning to do? Raise funds for essential supplies and gain volunteers to be trained as DART*s to go to border areas and help local Rotarians & Rotaractors in Slovakia and potentially Poland, Hungary or Rumania to support and help the Ukrainian refugees. Our response trailer will bring needed items to these victims of conflict on the Slovak-Ukrainian border. Our Slovak Rotarians have a central warehouse in Kosice, Slovakia and trucks & trains will take humanitarian aid across the border to local Rotarians in Užhorod and beyond.

What is needed? Sawyer and Ujeta water filters; Sky Hydrant** community water filters; blankets, solar lamps/LuminAid, hygiene products, children's nappies, soap, sanitizers, disinfectant etc. Fund raising target: 5,000 euro

What is Disaster Aid Europe?

DAE is a member of Disaster Aid International as well as a project of Rotary Club Prague International***, focusing on helping rebuild communities after disasters (www.disasteraideurope.com). DAI is officially recognized by Rotary International as one of its Collaborating Organizations.

DAE Mission Statement as regards Ukraine:

To provide necessary supplies, water filters & solar lamps into Ukraine as well as to help & support refugees fleeing the conflict. We always work with local Rotarians and other NGOs on the ground. Also at a later date, we will help to rebuild communities in the Ukraine.

What has Disaster Aid Europe done so far?

We are preparing our response trailer to bring needed items to the Slovak-Ukrainian border and help distribute further into the Ukraine. At the moment, local Rotarians in Slovakia are distributing medicines, clothes, water and offering accommodation to refugees and also taking across the border necessary supplies to hospitals. A Czech Rotary train is travelling to and from Ukraine taking humanitarian aid and bringing back 600-700 Ukrainian refugees again to Pardubice in the Czech Republic; a Slovak Rotary train is taking supplies from Kosice to Chop, Ukraine. Your donations will help all this happen!

Disaster Aid Europe z.s (registered not-for-profit organization in the Czech Republic) invite donations from Rotarians worldwide and any interested individuals, organizations and companies for our work with local Rotary Clubs in Ukraine and neighbouring countries
